Captain London City Soccer Teams: Nenad Begovic about Jasmin Yas Halkic

In my many years of soccer career I have seen some very talented young soccer players, and one of those is Jasmin Yas Halkic. Very fast, strong, powerful, and dominant in a leap game, of course, is creative and has an outstanding view of the game, has an innate instinct for space, creating an opportunity to attack and score goals.

I would definitely recommend Yas to MLS soccer clubs or even national soccer team Canada.
